Honorable Carl Vinson, Chairman  
Committee on Armed Services  
House of Representatives  
Washington 25, D. C.

Dear Mr. Chairman:

Since our last meeting, a number of matters have arisen which I would like very much to discuss with you. Apart from seeking your guidance on these matters, which importantly affect the activities of this Agency, it occurs to me that you and the CIA Subcommittee may wish to have an intelligence briefing on the significant international developments of recent months, which I would be more than happy to furnish.

I hesitate to intrude upon your busy schedule in the first days of the forthcoming session, but I would appreciate an opportunity to meet with you at your early convenience.

With kindest regards.

Sincerely,

Allen W. Dulles  
Director
